

FUSION A-Z

Fusion is a person-centric approach towards the skills necessary to succeed and flourish now and into the future. Fusion is not just a set of qualities or outcomes but is importantly process led.

Fusion skills combine education, arts, design, technology and business, reflecting how life is transformed by the fusion of these disciplines, generating opportunities for new learning, businesses, products and services.

FUSION A–Z

A

Abolish tuition
fees to increase
diversity of talent

Assist in providing contacts

Attend the Cities of the Future Fusion events

Amplify the work
of others which
inspires Fusion

Approach those
who are doing
interesting things

Acknowledge
people's
achievements
by spreading
the word
